ORDER

The Principal, College of Engineering, Thrikkariapur has reported that the Department of Computer Science and Engineering is facing severe shortage of faculty and that the shortage has reached a level where the regular conduct of classes has become practically difficult. The Department presently has **12 batches with an intake of 60 students each**, including two additional batches in Computer Science and Engineering with specialization in **Artificial Intelligence and Data Science** commenced during the academic year 2025–26. Against the requirement of **more than 30 faculty members**, the Department presently has only **8 regular faculty members**.

Attempts were made on several occasions to engage suitable **Adhoc Faculty** in the Department, but have not yielded the required result. The possibility of meeting the shortage through **voluntary transfer of faculty members from other CAPE institutions** was also explored; however, no willing faculty members came forward.

In view of the above circumstances and the urgent requirement to ensure the uninterrupted conduct of academic activities at College of Engineering, Thrikkariapur, it has become necessary to make a redistribution of the available faculty strength among CAPE institutions in the **administrative interest and exigency of service**.

4. **On completion of the above period, if the faculty position at College of Engineering, Thrikkarippur improves through recruitment of Adhoc faculty, the possibility of reposting the transferred faculty members to College of Engineering, Muttathara shall be considered, subject to administrative requirements and availability of posts.**
